Revolution is reshaping and restructuring the patterns of our time.
Everything is changing . . .
YOU
Your family
your neighborhood, your government . . .
your relation to others
and education is changing.
Western Connecticut State
College is no exception!
Innumerable confusions...

and profound feelings of... DESPAIR
ALIENATION . . . have all changes the face of this campus. Trying to today’s jobs to face today’s problems . . . with yesterday’s methods and concepts has created a gap.
Traditionally Wesconn has been Danbury . . . and Danbury has been Danbury . . . Despite your efforts to remain separate "OH GREAT HAT CITY OF THE WORLD" . . . you are part of us . . . your shops and stores . . . your traditions and institutions . . . We have crossed the barriers of time EDUCATION . . .
MIDDLE CLASS MYTHS.
We are probing around. We are a COLLIDE-O-SCOPE of 1970.
Today . . . NOW . . .
we are marching
the older traditional
ideas of private, isolated
thoughts and actions has to
be . . . is being reevaluated.

PEACEMAKERS
The transition has taken place. No longer a foot in each world, neither of them inclining us to grow up. We are committed . . . mere instruction no longer suffices . . . survival and sanity is our new work . . .
Yesterdays answers to todays questions NO longer apply . . .

Participation . . .  Revolution . . .  IS CHANGING EVERYTHING.
It started with the foot and you are the end of the line. Man's senses are extending and EXPANDING . . .
it has altered how we think and act and feel . . . AND LIVE. MEN
CHANGE. We refuse to be enclosed . . . here . . . or any where the
whole concept of enclosure doesn't work in our new world.
we are striving for a world of total involvement. All that we ask is for the chance... is that TOO MUCH?
WE SHALL OVERCOME SOME DAY
Don't leave us DANGLING . . .

Together is the only way we are going to make it.
We are all exploring in our single ways.
Multiple techniques are needed.
Environments need not be a passive wrapping. Let us try to see what eludes easy perception . . .
MORE THAN
MOTION AND
MOVEMENT . . .
MORE THAN
SIGNS AND
SOUNDS . . .
MORE THAN BLACK AND WHITE . . . MORE THAN OLD AND NEW . . . MAN MAKES IT RELEVANT.

WANT YOU FOR U.S. ARMY
NEAREST RECRUITING STATION
A compressed overlay of story upon story. First things first. We must live with the living.
We cannot suppress the experiences that are natural to us . . . too many of our institutions have tried this for too long.

popular culture art . . . the untaught delight in color and poetry can be a door to the past if used effectively.
Something is happening to this world of ours . . . YES OURS! It is truly spinning for the first time. New music filling the air . . . new sounds . . . new ideas . . . are vibrating everywhere.

THANK GOD WE ARE NOT EQUIPPED WITH EAR LIDS
It has NOW rhythm ... on the stage of the everyday theatre. It takes place wherever we are ... LIFE BABY! THAT'S IT . . . . . .
AND WHERE ARE YOU???????

Fred O'Neil . . . What can we say about him? We loved him because he loved us. For four years he was with us; through the best and the worse of it he was there, giving unselfishly of himself all the time, encouragement and love he had because we were his class. This good, beautiful man will not soon be forgotten.

To laugh often and much;
To win respect of intelligent people,
and the affection of children:

To earn the appreciation of honest critics,
and endure the betrayal of false friends;
To appreciate beauty,
to find the best in other;
To leave the world a bit better,
whether by a healthy child,
a garden patch,
or a redeemed social condition;
To know even one life has breathed easier
because you lived.

This is to be successful!
