SCOUT EXECUTIVES OF REGION ONE

As your Regional Chairman and as your National Jamboree Chairman our sincere appreciation and enthusiastic congratulations for your splendid and outstanding accomplishment!

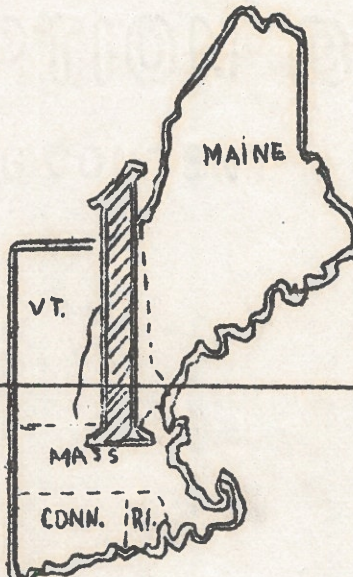

C. E. Cotting *F. W. Hatch*

OBJECTIVE

2590

FOR

Jamboree
Scouts
and
Scouters

FOR

ACCOMPLISHMENT

2671

Jamboree
Scouts
and
Scouters

◇ ◇ **On to the Jamboree** ◇ ◇

Fellow Executives:

For the past four days I have been "back home" but this afternoon I must leave for Chicago again.

My departure has been delayed a day because of -

AN EMERGENCY.

Bill Severance who has done so splendidly in handling many Jamboree details these past few weeks, upon the advice of his doctor, is withdrawing from our service tomorrow, June 18 and so will not be able to be with us at Washington. Bill's physician said that his continuance now would be at the risk of his health, and so at our insistence he is to leave the office tomorrow.

About a month ago Bill submitted his resignation to the National Council, effective July 15, and at that time he had intended to stay through the Jamboree. However, a stomach condition has developed, becoming worse during the past week, and so it is necessary that he withdraw now.

After a period of rest, Bill will devote himself to his business in Maine and to the executive directorship of the Lewiston-Auburn (Maine) Community Chest.

Bill's long and effective service to Scouting in Region One is known to and appreciated by all of us. I have been privileged to know and work with Bill for nearly nine years, and I know that without him Region One would not have reached its present strong position.

I know I speak for all the Region One Gang in wishing Bill health and happiness in his new undertakings.

Now, of course, this emergency presents a real problem, but I have every confidence that -

REGION ONE WILL TAKE IT IN STRIDE

- and New England will have a Jamboree delegation of which we can all be proud.

We surely appreciate the way that all of you fellows are cooperating in handling correspondence and requests for information so promptly.

With such teamwork, nothing is impossible!

Speaking of cooperation, I want especially to thank you--well, anyway MOST of you--for the way you are sending the Regional Office the -

REGIONAL FUND FOR THE NATIONAL JAMBOREE.

That's the twenty-five cents for each Scout and Scouter from your Council.

If you've enrolled more persons in your contingent since you remitted, please send check for the additions, 'cause we need the "dough" NOW.

Make checks payable to Boy Scouts of America and send to the Regional Office with statement of its purpose.

JAMBOREE ENROLLMENT

- as reported by the Home Office this morning, totals 2649 for Region One, against our objective of 2590. The total national enrollment to date is 22375, whereas in 1935 on the same comparable date, it was 21354.

This is a good place to stop and take our -

HATS OFF TO THESE COUNCILS

- which are on our honor roll for having done a complete job on the National Jamboree. They reached their enrollment objectives, have turned in the data about their exhibits, baggage et al:

Council	Scouts			Leaders		
	Obj.	Actual	% of Obj.	Obj.	Actual	% of Obj.
Pomperaug	79	79	100	7	15	210
Housatonic	15	15	100	2	5	250
Eastern Connecticut	33	56	170	3	9	300
Annawon	33	37	112	6	6	100

OF IMMEDIATE IMPORTANCE

- is the completion of the enrollment procedure for every Scout and Scouter so that credentials can reach you from the Home Office in time to secure railroad tickets.

There are 432 Scouts and Scouters in Region One to whom credentials have not been released, because they have not completed the payment of their Jamboree fee or their Medical Blanks are not in.

If any of these are in your delegation, please act at once.

A chance to -

SHOW THE WORLD OUR NEW ENGLAND CAMPS

- in all their beauty is afforded us in an announcement just received from the Home Office. In the National exhibits, there will be, for each Region, a raised map on a center panel 8' x 4' flanked by two wing panels 3' x 6', which the Region is asked to fill with an attractive exhibit.

Your Regional Staff believes that the best possible exhibit will be to show photographs of our fine camps.

Therefore, will you please, right away, send the Regional Office one good picture of your camp, preferably about 8" x 10" and showing boys in action? Please write the name and location of the camp, and the name of your Council on the back of the picture.

Then, with a tack we shall locate your camp on the map and run a ribbon to your camp photograph.

Please help us PUT YOUR CAMP ON THE MAP by sending a picture promptly.

And that leads to consideration of a problem in connection with our --

REGIONAL EXHIBITS.

Apparently a number of our Councils have just overlooked the necessity of exhibits, and unless EVERY COUNCIL gets an exhibit ready our two Exhibit Tents will be sorry sights.

It is not too late. Please get your Scouts to build and take a scale model ($\frac{1}{4}$ " to 1') of some historic building in your territory. Accompany it by a typed or printed statement of explanation, history, etc.

This is important!

YOUR JAMBOREE TROOP FLAGS

- will be loaned for use during the Jamboree, but if you want to own the flag and have it carry your Council name at Washington, you may (IF YOU HURRY) place your order with the Supply Service to have the lettering done and deliver the flag to you at Washington. Flag, complete with pole, is \$9.50 plus five cents per letter or punctuation for Council name, if desired.

Be sure each Jamboree Troop has the following -

TROOP EQUIPMENT:

Tentage	Cots and Bedding	Flags
Chest, Steamer Trunk or Foot Locker	Tools	United States 4 1/3x5 Patrol
Special flags and bunting for decoration	2 Carrying Slings for Flags	

FOR JAMBOREE TROOPS USING GOVERNMENT EQUIPMENT

- at Washington (tents, cots, etc.), it is important that the Assistant Scoutmaster in Charge of Physical Arrangements has the exact amount (\$1.50 per person) in cash or Council check drawn to Boy Scouts of America, ready to pay the Section Quartermaster when he draws the equipment upon arrival at Washington. Remember, please, that at Washington, EACH JAMBOREE TROOP IS A UNIT, and the Council no longer is the unit of organization. Therefore, please have a SEPARATE CHECK for each Jamboree Troop's equipment. Any other arrangement will delay you in getting your equipment.

ALL SEA SCOUTS AND SERVICE TROOP MEN

- also should have ready upon arrival at Washington this cash or Council check to cover equipment rental. It will be collected by the officer in charge of Physical Arrangements for their respective units.

And while we're speaking of money, there has been a question about -

BANKING FACILITIES

- at the Jamboree. There will be opportunity to cash American Express checks or other recognized travelers' checks.

We have had no notice that the Jamboree Camp will have safe deposit facilities, or any arrangement for opening temporary banking accounts. Therefore, before leaving home your Scouters who are responsible for money should purchase American Express or other recognized travelers' checks IN SMALL DENOMINATIONS. This will obviate the necessity for carrying large sums of cash.

In fact, Scouts who carry much spending money, should get travelers' checks, too. (Be sure they understand how to use them. A banker probably will instruct your whole contingent and handle this for you upon request.)

REGION ONE'S BAND WILL PLAY!

Yes, sir! And it's going to be SOME band! Up to the present there are 92 enrolled. Let's make it a HUNDRED PIECE BAND. Can't you find another player or two? We particularly need a Sousaphone (bass horn), and can use a good drum major who can twirl a baton. Please help!

This band can be divided into two bands or play as a single unit.

If you have band boys in your delegation (and if you haven't, you should recruit some right away), please remind each one to:

1. Take his instrument with him in the passenger coach enroute to Washington. (See that these boys get help with their other luggage.)
2. Bring lyre for marching, music clips and mutes.
3. Be sure each part of instrument, etc. is tagged or marked with owner's name and Jamboree Section and Troop.
4. Attend Band Rehearsal Wednesday, June 30, at 2 P.M. STANDARD TIME at Section E's Exhibit Tent.

Effort is being made to secure insurance on all musical instruments to protect against ordinary hazards.

Band boys will be in your regular contingent and assigned to regular Jamboree Troops with your other Scouts. Count them a part of your organization. They simply will be drawn from their Troops when the band is needed. Please ask Jamboree Scoutmasters who have band boys in their Troops, to relieve band boys as much as possible from camp work routine because of the demands upon their time for rehearsal.

WANTED:

Are there any men in your delegation who are carpenters? If so, please ask them to take along their tools to assist in erection of Sectional Gateways, etc.

Also, if there are any of your men or older Scouts who are competent sign painters and "card writers" will you please ask them to take their sign painting kits with them to Washington. There will be need for many signs.

Please let us know the names of any who are willing and able to do these "good turns."

AUTOMOBILES

- should be left at home because of the parking problem in the Jamboree camp.

THE ORGANIZATION MANUALS

- you received last week are intended for the use of your Jamboree Scoutmasters and Regional and Sectional Staff Members.

PROVISIONAL JAMBOREE TROOP ASSIGNMENTS

- are given on the two sheets appended to this bulletin. They are based on the latest information from the Home Office, and you are earnestly asked to accept them as final unless there are errors in numbers, in which case, notify the Regional Office at once.

If you have additional Jamboree enrollments, let us know and we shall add them to another Troop if there is not room in your Troops.

BEFORE DEPARTURE

- of your contingent, please be sure that the "home folks" of every Scout and Scouter know how to address mail to the Jamboree. It is imperative that the mail address include Regional, Sectional and Troop designation. That is, the address should be like this:

Scout John Smith
National Boy Scout Jamboree
Region 1, Section D, Troop 4
Washington, D. C.

"THE SHOW MUST GO ON"

- and with Harold Williams and his crew in charge, it WILL go on at 8 P.M. Friday, July 2.

I know you will give Harold full support by seeing that your contingent is "Prepared" in accordance with the assigned parts he has sent to you. If there is any question about the show, please get in touch with Harold Williams at Providence (100 North Main Street, Telephone - Gaspee 9618.)

Notify parents of your Scouts of the date of our show. They might like to see it.

And while you are communicating with parents, send them a -

JAMBOREE JOURNAL

- subscription blank and tell them they should subscribe.

With this bulletin we are sending a sufficient supply of our -

"REGION ONE JAMBOREE SONG"

- for your contingent. Please see that Scouts learn to sign it lustily, and ask them to guard and preserve their copies because "there ain't no more."

In all the rush, remember to urge -

YOUR NATIONAL COUNCIL REPRESENTATIVE

- to attend the National Council Meeting in the Jamboree Camp Friday, July 2 at 9:30 A.M. Then, he can stay and see our Region One show that evening.

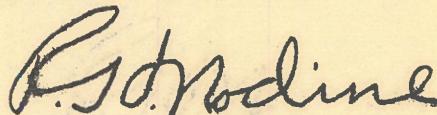

- - -

And now I come to the place where I must rush to catch my train!

Although "Skipper" Holbrook will be here alone, you will find him eager, willing and able to help you if you have any question.

Let's give our Scouts the time of their young lives in Washington.

"ALL FOR ONE; ONE FOR ALL!"

Ralph H. Nodine
Regional Scout Executive
