## THE E. STARR SANFORD PLACE

---

Purchased by Victor B. Buck, of New York City.

---

The handsome residence of E. Starr Sanford, on the summit of Mountain End, south of Main street, was purchased Monday by Victor E. Buck, of New York city. Mr. Buck bought the house and its contents and nineteen acres of land. He arrived in Danbury Monday and immediately took possession of his newly acquired property.

The house, which was erected about three years ago by Mr. Sanford, is constructed of stone and is one of the finest residences in this section of Connecticut. It stands upon a slightly elevated location overlooking Danbury and from its verandas there is to be had a magnificent view of Bethel and Brookfield, and the surrounding country for miles in each direction.

Mr. Buck, the purchaser of the property, is a retired business man. He and his family have spent the last two winters in Florida but desiring to remain North this winter, they decided to purchase the Sanford place. Mr. Buck's family will come to this city at once and expect to make their home here during the present winter, at least.
