Regarding collections for the year, reference is made to the Treasurer's Report.

The exercises on Children's Sunday were held in the main edifice on June 12th, and were of more than usual interest, contributed mainly by the Primary Department. Collection for the Congregational Publication Society was \$13.47.

The exercises of Rally Sunday, October 16th, consisted of music, remarks by Rev. J. R. Danforth, Rev. Mr. Williams and recitations by the members of the Primary Department.

The picnic at Richards Grove in the month of September, was very largely attended not only by the main Sunday School, but by the Bethany School. The parents also attended in large numbers and enjoyed the program of the day in no less degree than the children.

The Christmas entertainment on Wednesday, December 28, in the assembly room of the Parish House was especially pleasing to the children, the nature of the program being a change from former years. The Christmas tree in its loftiness and symmetry, with its elaborate decorations was a thing of beauty, and was admired by the large audience present. Four pieces from the Standard Orchestra was an enjoyable feature of the evening. But the New York Magician gave an hour of professional skill that delighted the young folk and highly interested the adult portion of those present.

Mr. John Minson, of New York, but formerly of Waterford, has always been deeply interested in Sunday Schools, especially those in this vicinity, offers annually a prize of an Oxford Bible to the Sunday School class, a member of which brings into the school the largest number of new scholars during the year. Such honor this year belongs to Miss Anna Creverseret.

The teacher's meeting, on Friday evenings, in preparation for Sunday work have been continued through the year, except during the summer months, with no lack of interest, and with a steady purpose to continue the same.

It is to be regretted that for the year just closed the figures indicate a carelessness in the attendance to an increased degree

from the year previous exhibited in the record of full classes. It is hoped, therefore, that the Superintendent may have the support in his purpose to improvise some expedient or expedients which it is believed will change the face of the record for the better for the year to come. While the attendance of teachers, as a whole during the year 1904 has been good, there is room for improvement, and it has many times been said that if a teacher expects to have continued full classes, there is nothing that will contribute to that end more than the constant attendance of the teacher.

The Sunday School Library since its enlargement with new catalogue of its volumes is in a very satisfactory condition. The librarian and assistant librarian are faithful in the discharge of their respective duties.

At this juncture of the report, your attention is especially invoked. It refers to the interest in, and support of the Sunday School generally.

It is very evident to all observers of Sunday School tendencies that the same methods and expedients in use a quarter of a century ago will not work as good results at the present time. The average boy or girl of the present day is not as easily drawn from the home or the street, or both, to the Sunday School room. Moreover, we must keep in mind that the First Church of Christ is not now in the vicinity of a residential population, but its edifice and that of the Parish House is rapidly coming to be a center of the business section of our city, while the family life is more remote. As this state of things is year by year becoming more manifest, it would seem that more aggressive endeavor will be necessary if we expect in some measure to become progressive. It is hoped, therefore, that the officers of the Sunday School may be sustained in such efforts and expedients as they may improvise in their purpose to change things for the better.

While the common law helps the common school system, it gives no support or aid to the Sunday School, yet, how

essential it is that the spiritual and moral natures be especially looked after in boys and girls, young men and young women.

Non-church going parents and guardians do not realize the importance of Sunday School instruction and the salutary example that is ever present at all of its sessions. How essential then, that by a paid missionary or a voluntary committee a movement shall be instituted that will bring that class of parents and guardians into closer relations, to the end that the children of such shall find their way to the sessions of the Bible School.

A good Secretary is a very important branch of Sunday School service, and its Secretary, Mr. C. H. Whittemore has discharged its duties with fidelity and entire acceptance during the year passed.

GEO. F. TINKER,
Superintendent.

Report of the Home Department.

The Home Department of our Sunday School numbered a few less than last year. Since the last report was handed in three of the members have died, one has married and moved out of town and one has come into the main school, and only one new member has been added.

The contribution of \$25.00 has been sent to maintain an Armenian boy in the Orphanage at Harpoot.

Report of the Primary Sunday School.

To you who listen each year to statistics of the Primary Department work it may all seem like the same old story, for the figures do not change materially; but those who work among the children find a fascinating variety from year to year and from week to week.

Our numbers are somewhat smaller than last year, from what cause we know not; possibly because the teachers have been unable to make so many calls; possibly because we have continued to send classes up stairs at a rather earlier age than heretofore; possibly on account of sickness and severe weather;

probably from a combination of all these reasons. A new and interesting order of exercises has been adopted for the department and the aspect of the room has been greatly improved by a change from the old formal arrangement of the chairs to the circular plan of the kindergarten. The department has been carefully classified according to ages, and a definite schedule of memory work fixed as a standard for promotion from one class to another and into the main school.

We gladly welcome visitors on any Sunday and we invite suggestions as to ways of bettering our department, for we should like to make it the most profitable and altogether delightful place that could be devised for the little folks.

Will you not pray that God will give us wisdom to guide the feet of His little ones in the paths that lead to Him?

LOUISE H. ALLYN,

Superintendent.

Chinese Department.—Miss Mary Brainerd, Superintendent.

We feel very much encouraged about the Chinese scholars, for we see a marked improvement in them. There are six regular scholars and others come in now and then. If all who are interested in mission work will give these young men encouragement to become good Christians, more good work can be done in 1905.

The teachers are Miss Mary Brainerd, Miss Thompson, Mrs. George F. Tinker, Mrs. Henry P. Palmer, Mrs. O. E. Miner, Mrs. Hale, Mrs. E. A. Small, Miss Annie C. Learned, Miss Edwina H. Cunningham.

THE WOMAN'S MISSIONARY SOCIETY.

Officers.

<i>President,</i>	MRS. S. LEROY BLAKE.
<i>Secretary,</i>	MISS KATE HUNTLEY.
<i>Treasurer,</i>	MISS ANNA C. LEARNED.

The Woman's Missionary Society has held its meetings each month during the year excepting July and August.

Meeting with the women of our own and other denominations, we have followed the study of China, its people and missions as outlined in the text book "Rex Christus." This study has proved interesting and instructive.

Three times we have had speakers from away.

In June, Miss Harris of the Congo Mission told us how she gives the Message to the people of that country.

In September, Mrs. Alice G. West spoke of the wonderful progress of missions as compared with the inadequate gifts of men and money, illustrating her remarks with some interesting charts.

Our October meeting was postponed one week in order to have Miss Kyle, Secretary of the Woman's Board with us. To welcome her and to hear her impressive address was our special privilege of the year.

Twice we have had a tea. The first one was in June at the close of our sessions for the summer. The second followed the Thank-offering Service in November.

Our gifts have amounted to \$287 98, including the Easter offering, \$36.11, and the Thank-offering, \$29 50. There have been 50 contributors. Nearly half of these give regularly, either monthly or once for the year. The others have helped through the Special Offerings.

The attendance has been better than last year, though far from what could be wished, averaging only about one out of every fifteen of our women.

This work, which is a privilege which calls loudly for the help of all, and which Christ Himself has commanded His followers to do, needs our increased support and sympathy.

December 14th marked the close of the Mizpah Circle activities for the year 1904.

During the year the Circle has accomplished much for various objects which it has been pleased to consider its privilege to care for.

The Blake Room and the Mizpah Room at the Memorial Hospital received the attention and the benefit of our labors in being supplied with almost an entirely new supply of linen which was sent to the rooms in April.

Under the direction of the Circle the needed renovations and repairs at both the Parsonage and Parish House have been satisfactorily done.

From November 15th to 17th inclusive, during the stay of the State Convention of Congregational Churches within our city, the Mizpah Circle did its part toward making the mission of these guests both pleasureable and profitable and contributed generously to their comfort and welfare.

The successful sale of aprons and a supper given December 14th added very materially to a sense of feeling that we had closed another prosperous year.

Respectfully submitted,

MARY F. WHITTLESEY, *Secretary.*

Secretary's Report.

It is with pleasure we are able to report progress in our Society during the year 1904. The Society has a membership of 74, of these 14 are honorary, 59 active and one associate.

There have been four new members added and one from honorary to active list and three have been placed on the provisional and two from active to honorary list.

The average attendance has been about 30.

The Society has as usual conducted meetings at the Almshouse during two months in the year.

In July two of our members were elected as delegates to the Silver Bay Conference from which most inspiring reports have been heard. This also led to a Mission Study Class being formed which was well attended and a greater interest in the study of missions was shown.

We have held four business meetings closing with a social hour. Three very enjoyable socials were also held to which the friends of the Society were invited.

We are looking forward to even greater results during 1905.

Respectfully submitted,

J. ROMEYN DANFORTH,

Treasurer.

PASTORAL.

A second year has passed for us together. It has had many events but no marked crisis. The reports we bring from various avenues of work are all "reports of progress." We cannot say that anything is finished except the year, and we are glad that it is so. Was not our Saviour the only one who could say of His work, "It is finished."? This church has been at work for two hundred and sixty-three years and its youth and its work are immortal.

The past year has seen an increase in our congregation. The society has but few pews left for future applicants.

We gladly welcome those who have come among us and cordially invite them to add their names, not simply to the roll of the congregation but to that of the church as well. In the Sunday School are some who have reached years in which admission to the church would seem the natural step to take. Can we not help them see it in that light? And then this church, by reason of its historic relation in this community should be the fold of all who are otherwise unchurched. A spirit of cordiality pervades our pews. Can we not add to it a larger aggressiveness that we may "go out into the highways and hedges to compel them to come in?"

Looking forward toward larger work and larger blessing of the Lord, I am most sincerely your Pastor,

J. ROMEYN DANFORTH.
