## SGA Pres. Opts Robes Next Year

by Staff

Larry Selnick, president of WestConn's Student Government Association (SGA) for the 1977-78 academic year, was replaced last week by Ray Lubus.

Though Selnick will return to WestConn next fall, he did not seek re-election as SGA president, but ran for the position of judge. He was elected — and ran unopposed.

"The position of judge is important," one student said. "At least it sounds as if it's important."

Selnick maintained in a recent interview that the position is in-

## 3 Students Featured

by Staff

Three WestConn students will be featured in the Bethel Gallery's presentation of "The Rimes and Times of Edward Eliscu" this Friday, Saturday and Sunday at 8:30 p.m. at 186 Greenwood Avenue, Bethel.

Lyricist Eliscu, a Newtown resident, is noted for such hit songs as "Great Day," "Without a Song" and "More Than You Know." He performed a similar review at WestConn in 1975 and the gallery bills this performance as a follow-up to that one.

Eliscu served for five years as

# Hitler Aide Visits WestConn

by Nada Morin

Tall, tan, dressed in a brown leisure suit with matching ascot, Richard Schulze-Kozzens hardly looked like a 63-year-old World War II veteran who served as Adolf Hitler's staff assistant.

In a lecture to a large student group April 14 in the Hartford Lounge of the College Union, Schulze discussed his war experiences and answered questions relating to his Nazi years.

Schulze, a friend of John Toland (author of *Hitler*), visited WestConn as a guest of Dr. Eric Roman, WestConn history professor.

As he began, he said, "I will answer all questions frankly and

I will tell you all I know."

Schulze joined the German army at 19 and moved up quickly militarily. At 24, he became Hitler's staff assistant, or adjutant.

When asked his impression of Hitler, Schulze replied, "Nobody really knows his deepest feelings. I do not know what he sought or really wanted — but only had my suspicions. All I remember is how many peasant sons died for their country."

Schulze met Josef Stalin twice in Moscow and described him as "a small man and good Uncle Joe." He said, "He had very sharp watching eyes and was always present at important Rus-

sian speeches. He was one of the greatest men the Russians had."

Schulze described the concentration camp era as the "darkest chapter in history." He explained that native Germans knew only of the concentration camps outside the country. He said only Hitler and Himmler communicated on such matters and kept an air of secrecy around them.

Schulze's impression of present Nazi parties in America is that they are "crazy people." He said their existence in Germany today is "utterly impossible."

The event was sponsored by the WestConn History Society.

## Detex Locks Replace Key

by Staff

WestConn's Security Department is currently installing "Detex Card-Combination" locks on White, Berkshire and Higgins Halls, doors used as after-hour faculty entrances.

The Detex locks, which will replace the keys faculty now use, should go into effect within the next few weeks, according to Dr. Carl Robinson, vice president of Administrative Affairs.

Under the Detex system, each faculty member who requests it will receive a magnetic card, as well as combinations for the locks. Instructions for their

Earth science professor Mel Goldstein demonstrates WestConn's latest electronic device — an Energy Environment Simulator on loan from the U.S. Energy Research Development Agency. The computer digests information on energy sources and demands, then beeps a loud warning when energy supplies are exhausted. "We call it the prompt of doom," Goldstein said. The simulator will be on display in the Danbury Library May 5 and 6.

## Aztec Two-Step

Aztec Two-Step, a Boston-based soft rock group, will appear at Ives Hall April 23 at 8 p.m. Ticket sales will be open to WestConn students exclusively until April 16 for \$3 with student I.D. cards. (Only one student rate ticket may be purchased with a WestConn I.D. card.)

Tickets for the general public go on sale April 17 and will cost \$5. For more information, contact WestConn's Board of Governors, sponsors of the event, on

1976 YAMAHA ENDURO. 1800 miles, excellent condition. Used on trails once. Helmet included. For further details, contact Bill Bennett, box 272.

LOST: Brown prescription glasses in blue case. Initials "CSP" inscribed. Reward if returned. Please notify Cindy - Newbury Hall, box 314 or call 748-9649. (Lost week before vacation.)

the second floor of the College Union.

## WW II Speaker

Richard Schulze-Kossens, former adjutant to Adolf Hitler, will speak about his World War II experiences Friday, 1 p.m. in the Hartford Lounge of the College Union.

Schulze-Kossens is in the U.S. as a guest of Dr. Eric Roman, WestConn professor of History.

The event is free and open to all students. For information, please contact Dr. Roman at Ext. 4354.

## Olympic Winner

### To Speak

Wilma Rudolph, winner of three Olympic gold medals in track, will speak April 16 at 8 p.m. in the Berkshire gymnasium. The public is invited and admission will be charged.

## AAUW MEETING

The American Association of University Women will hold its monthly meeting in the Iron Door Room of WestConn's College Union April 11, at 7:30 p.m.

"The Politics of Food" will be discussed by Dr. Thomas Butterworth, associate professor of biology and environmental science at WestConn.

The public is invited. For further information contact Barbara Peknik, 746-4250.

## Mineralogical Society

### Scholarship

The Danbury Mineralogical Society, a non-profit organization composed largely of WestConn alumni, will be presenting a \$400 scholarship to Earth-Space Science majors.

Juniors entering senior year in September are eligible. Candidates should send their name, major, year of study, and plans upon graduation to: Mrs. Christine Westlake, R.D. 4 Lloyd Ave., New Fairfield, Ct. 06810.

Deadline is April 14.

## Solar Workshop

Residential solar heating will

be explored in a course offered by the WestConn Division of Extended Programs and Career Development April 12 through May 17, at 7 p.m.

The six-session course, designed for homeowners, builders and architects, will range from the basics of the solar heating to the details of actual system design. Specific projects and ideas will be discussed.

Course leader will be engineer and architect Glen Tucker.

Registration and tuition information can be obtained by contacting WestConn's Extended Programs Office.

## Psychology Students

The Psychology Club will hold elections April 17 and 18 from 9 a.m. till 1 p.m. in the mail room lobby of the College Union. Student representatives will also be chosen for the 1978-79 academic year.
