
THE NORMAL BUILDING.

Practically Completed---May Be Inspected Finally Next Week.

The Normal school building is nearly ready to turn over to the state of Connecticut, and that transfer will probably take place next week.

The work in the building is completed with the exception of some laboratory work which was not in the original contract and which will take only a few days.

It is expected that the final inspection of the building by the architects and the state board of education will be made next week.
