The Hon. Marcus H. Holcomb,
The Capitol,
Hartford, Conn.

Dear Sir:--

May I, as Chairman of Woman's Suffrage work in New London County, urge on behalf of the Suffragists of the county that you use your influence to forward the Woman's Suffrage Bill in the coming Legislature, especially by mentioning the matter favorably in your message to the Legislature. This would be in harmony with the plank in the National Republican Platform and with the stand of Mr. Hughes, and would earn for you the gratitude of all the women in this state who are so anxious to see this reform accomplished in the near future.

Believe me,

Very respectfully yours,

Katherine Ludington
